WORK EXPERIENCE

AMAZON SDE INTERN

05/21 - 08/21

- Worked at [Amazon One](#) on a team of 10 developers. Collaborated through biweekly sprint planning, daily standup meetings, and code reviews.
- Researched, designed, and completed a 12-week internship project to add features to the internal dashboard for Amazon One devices. Hosted a design review for the project and gave iterative demos during standup meetings to measure progress and gather feedback.
- Resolved incoming issue/feature tickets from other Amazon One teams, Quality Assurance teams, and end users.
- Employed fullstack development with a Java backend and a React frontend. Project required learning various Amazon internal tools such as packages managers and build systems.

PENNLABS FRONTEND DEVELOPER

02/21 - PRESENT

- Frontend developer for PennLab's [Penn Clubs](#) site, the primary platform for extracurriculars at the University of Pennsylvania.
- Responsible for completing tasks gathered from stakeholders including the University administration, club leaders, and the student body.
- Synchronize work with weekly team standups and general business meetings. Maintain code quality with code reviews.

BRAGHOUSE FRONTEND DEVELOPER INTERN
